

Introducing the **BRADLEY SMART SMOKER®**

High Capacity Electric Smoker with iSmoke® Technology

Total control
from your
smartphone

For 30 years, Bradley has created easy-to-use, world-class food smokers that deliver consistent results. The Bradley Smart Smoker® is our newest automatic electric smoker, which is the result of years of advancement and testing on existing smokers. It features innovative iSmoke® Technology, enabling you to connect to and control the smoker from Bluetooth-enabled smartphones in real-time.

It's All About Flavor

By extinguishing the wood automatically before it turns to ash, Bradley Smokers control how the wood burns, using time and temperature to consistently create the most delicious smoked food possible.

KEY FEATURES

SMART FEATURES

Bluetooth 4.0 connection enables you to adjust and control smoke, time and temperature from any iOS, Android phone.

FULLY AUTOMATIC SMOKE

No need to babysit your smoker, refilling it with chips constantly. Simply load it up with Bradley Flavor Bisquettes® and smoke for up to 9 hours.

EASY TO USE

Touch screen controls let you choose time, temperature, and amount of smoke for hot or cold smoking.

VERSATILE COOKING

Bradley Smokers have 2 heat elements: 1 for the oven heat and 1 solely to create smoke. Cook with or without smoke, or smoke with or without heat. Your smoker can even become a cold smoker, an oven or a dehydrator.

REMOVABLE FOOD PROBES

Two color-coded integrated probes allow you to track the temperature of the food you are cooking, in different areas of the smokehouse simultaneously.

PRACTICAL DESIGN

Stainless steel interior and a commercial grade silicone door seal for easy clean-up, and to keep the smoke where it's supposed to be.

40% EXTRA CAPACITY

Includes 6 racks, but has rack supports for up to 10.

AUTOMATIC THERMOSTAT

Set the oven to the desired temperature and the smoker will automatically adjust heat to maintain that temperature.

AUTO-OFF FEATURE

When the oven or smoke time that you enter has run out, the smoker or wood burner will automatically turn off.

FULLY INSULATED

Insulation in the entire cabinet and door keeps heat in, but also lets you use your smoker without the risk of heat damage to surrounding surfaces.

WARRANTY

One year warranty included.
