

Green  Canteen™

Designer Drinkware
and Travel Bottles

Keep it **"HOT"**
Keep it **"COLD"**
Keep it **"CLEAN"** with a "Green Canteen!"

Green Canteen[™] drinkware is the healthiest, eco-friendly beverage containers you can buy. Healthy for you and the environment, our bottles are made from a unique, high quality, BPA-FREE Polymer, Tritan[™] and 304-18/8 Toxin-FREE Stainless Steel. You never have to worry about harmful materials in a Green Canteen[™] product.

Green Canteen[™] Drinkware is made to be refillable and reusable. Keep your body healthy and free of toxins. Aluminum drinkware needs to be lined with a special polymer just to make it FDA approved. Unlike aluminum, our 304 Stainless Steel, Eastman Tritan[™] Copolyester bottles and all Green Canteen[™] products do not need any coatings to make them healthy for you. In keeping with our commitment to environmental sustainability, Green Canteen[™] products are manufactured responsibly at factories that are committed to the highest health and environmental standards.

Keep it **"HOT"**
Keep it **"COLD"**
Keep it **"CLEAN"** with a **"Green Canteen!"**
