OUR COMPANY

[Neoflam's NEW China Factory]

[COMPANY OVERVIEW]

Neoflam[®] is a privately-held multinational corporation founded in 1990 and we have been continuously growing with sales offices on six continents and factories in Korea and China, and over 1,000 employees worldwide. We are currently selling to 70+ countries worldwide.

Neoflam[®] began manufacturing in 2006 and now we are adding three more cookware factories in Korea and China, boasting 1.5M monthly production. We are proud of our state-of-the-art facilities, mostly semi to full automatic in operation.

[CAPABILITIES]

Our business module range from marketing with our Neoflam brands to OEM customized products. Our facilities have been audited/certified by global retailers, such as Walmart, for its ethical and quality standards and industry practice. We are capable and experienced in all types of logistics operations from direct imports to domestic replenishment and drop ship.

NEOFLAM

[TYPE OF BUSINESS]

We manufacture our various cookware lines and housewares using only the most current, innovative technology and highest grade materials. Our diverse product lines include CAST ALUMINUM and STOVETOP CERAMIC COOKWARE, FOOD STORAGE, CUTLERY, HYDRATION, and KITCHEN GADGETS.

DESIGN & TECHNOLOGY

At Neoflam[®], we carefully engineer each of our products by selecting raw materials and applying several INNOVATIVE TECHNOLOGIES to enhance product performance while maintaining exceptional design standards.

For example, we glaze our cookware with a professional grade non-stick, ceramic coating called Ecolon[™].

As a global leader in cutting board manufacturing, we introduce healthy products by using natural source of material such as bamboo or by applying antimicrobial protection to the surface.

In an effort to bring products with BPA-free materials, we chose to use Eastman Tritan[™] for our food storage products.
