

Product Introduction

LIFE IS FULL OF SURPRISES.

Liflicon

Liflicon strives to deliver user-friendly innovative designs and quality assured products. In championing the use of Silicone for household items, more can enjoy the health and environmental benefits of Silicone products, ensuring a healthier, eco-friendlier and more fulfilling lifestyle for all.

With a strong belief in the use of Silicone – a safe and eco-friendly material - they created Liflicon to promote the use of Silicone in lifestyle products.

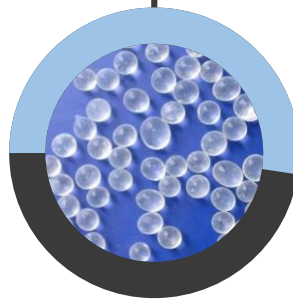

▶ **HELLO!**

You know what is **Silicone?**

Silicone is recognized as eco-friendly materials, that will not cause damage to the environment even when they are burned and buried.

Reusable silicone products widely replace the plastic disposable products, that can greatly reduce the white pollution on Earth.

♥ Food Grade Silicone

Silicone is derived from natural ore and the major component is $\text{SiO}_2 \cdot n\text{H}_2\text{O}$ which is nanoscale molecular structure, it's non-toxic, odorless and has a good chemical stability, what's more, it doesn't react with any other material except to strong alkaline and hydrofluoric acid.

Food Grade Silicone

BPA free

The food-grade silicone used by Liflicon is the same as the sand and quartz from nature and the major component of glass and ceramic. It's a *Healthy, Non-toxic and Safe material*.

Our Product Superiorities

- Non-Bacteria
- Easy to Clean
- No Foreign Smell
- Heat Resistance -40°C ~ 250°C
- Super Durable
- Easy to Clean
- Non-Moldy
- Non-Stick

Application:

- Cookware
- Oven
- Microwave
- Dishwasher
- Steamer
- Freezer

- Silicone Cooking Set (4 Pcs)

Color: ●

Turner

- Safe and healthy cooking with food grade silicone, FDA certified.
- High heat resistant, BPA Free and FDA approved; Premium quality.
- Easy to clean and less sticky to food.
- Light and ergonomically designed; best for non-stick pan and pot.

SKU: CS1001

Heat Resistant: 428°F / 220°C

Weight: 100g

Dimensions: 360mm*90mm

- Do not direct fire flame on the the cookware utensil.
- Do not use sharp object to the silicone head
- Keep dry after washing.
- Utensil are heat resistance(220°C) does not mean heat proof, so be careful where you rest the handle.
- Do not put in microwaves and oven.
- Do not stay the handle in the wok edge for long periods of time.

Colander

- Safe and healthy cooking with food grade silicone, FDA certified.
- High heat resistant, BPA Free and FDA approved; Premium quality.
- Easy to clean and less sticky to food.
- Light and ergonomically designed; best for non-stick pan and pot.
- Made to scoop and drain food straight out of pots and pans with no hassle or mess.

SKU: CS1002

Heat Resistant: 428°F/ 220°C

Weight: 110g

Dimensions: 390mm*115mm

- Do not direct fire flame on the the cookware utensil.
- Do not use sharp object to the silicone head.
- Keep dry after washing.
- Utensil are heat resistance(220°C) does not mean heat proof, so be careful where you rest the handle.
- Do not put in microwaves and oven.
- Do not stay the handle in the wok edge for long periods of time.

Ladle

- Safe and healthy cooking with food grade silicone, FDA certified.
- High heat resistant, BPA Free and FDA approved; Premium quality.
- Light and ergonomically designed; Easy to clean.
- Non-stick utensils: Won't scratch pots and pans.
- Simply wipe under hot water or throw in the dishwasher with soft silicone design.

SKU: CS1003

Heat Resistant: 428°F/ 220°C

Weight: 112g

Dimensions: 340mm*80mm

- Do not direct fire flame on the the cookware utensil.
- Do not use sharp object to the silicone head.
- Keep dry after washing.
- Utensil are heat resistance(220°C) does not mean heat proof, so be careful where you rest the handle.
- Do not put in microwaves and oven.
- Do not stay the handle in the wok edge for long periods of time.

Rice Paddle

- Safe and healthy cooking with food grade silicone, FDA certified.
- High heat resistant, BPA Free and FDA approved; Premium quality.
- Light and ergonomically designed; Easy to clean.
- Non-stick utensils: Won't scratch pots and pans.
- More stylish with four-leaved clover design.

SKU: CS1004

Heat Resistant: 428°F/ 220°C

Weight: 50g

Dimensions: 240mm*75mm

- Do not direct fire flame on the the cookware utensil.
- Do not use sharp object to the silicone head.
- Keep dry after washing.
- Utensil are heat resistance(220°C) does not mean heat proof, so be careful where you rest the handle.
- Do not put in microwaves and oven.
- Do not stay the handle in the wok edge for long periods of time.

- Silicone Cooking Set (8 Pcs)

Color:  

Turner

- Hygienic solid silicone ergonomically designed for comfortable soft grip.
- FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Turner up to 446°F/230°C that will not discolor, warp or melt.
- Non-stick Turner : Won't scratch wok and pans.
- Dishwasher safe utensil for quick and easy clean up.
- This Silicone Turner is ideal for sauteing and is perfect for turning and flipping foods in a pan.

SKU: CS100507 (Dark Olive Green)

CS100508 (Dark Ivory)

Heat Resistant: 446°F/ 230°C

Weight: 150g

Dimensions: 360mm*105mm*60mm

- Material : Glass-Filled Nylon & Food-Grade Silicone.
- Flexible Silicone : Finely shaped edge gets under ingredients easily.
- Wide flexible edge that can cleanly empty leftovers in the cooking vessel.
- Durable and long lasting .

Skimmer

- Hygienic solid silicone ergonomically designed for comfortable soft grip.
- FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Skimmer up to 446°F/230°C that will not discolor, warp or melt.
- Non-stick Skimmer : Won't scratch pots and pans.
- Dishwasher safe utensil for quick and easy clean up.
- This Silicone Skimmer is ideal for gaining dumpling, meat and other ingredients from water or oil.

SKU: CS100607 (Dark Olive Green)

CS100608 (Dark Ivory)

Heat Resistant: 446°F/ 230°C

Weight: 165g

Dimensions: 375mm*105mm*60mm

- Material : Glass-Filled Nylon & Food-Grade Silicone.
- Flexible Silicone : Finely shaped edge gets under ingredients easily.
- Durable and long lasting .

Ladle

- Hygienic solid silicone ergonomically designed for comfortable soft grip.
- FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Ladle up to 446°F/230°C that will not discolor, warp or melt.
- Non-stick Ladle : Won't scratch wok and pans.
- Dishwasher safe utensil for quick and easy clean up.
- This Silicone Ladle is ideal for stirring and serving soups, sauces, stews and more...

SKU: CS100707 (Dark Olive Green)

CS100708 (Dark Ivory)

Heat Resistant: 446°F/ 230°C

Weight: 190g

Dimensions: 335mm*100mm*95mm

- Material : Glass-Filled Nylon & Food-Grade Silicone.
- Flexible Silicone : Provides superior heat resistance for easy swiping of ingredients.
- Wide flexible edge that can cleanly empty leftovers in the cooking vessel.
- Durable and long lasting.

Noodle Server

- Hygienic solid silicone ergonomically designed for comfortable soft grip.
- FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Noodle Server up to 446°F/230°C that will not discolor, warp or melt.
- Non-stick Noodle Server : Won't scratch pots and pans.
- Dishwasher safe utensil for quick and easy clean up.
- This Silicone Noodle Server is ideal for serving, food preparation and more ...

SKU: CS100807 (Dark Olive Green)

CS100808 (Dark Ivory)

Heat Resistant: 446°F/ 230°C

Weight: 145g

Dimensions: 365mm*75mm*60mm

- Material : Glass-Filled Nylon & Food-Grade Silicone.
- Flexible Silicone : Provides superior heat resistance for easy serving of noodle, pasta and spaghetti.
- Durable and long lasting.

Spoonula

- Hygienic solid silicone ergonomically designed for comfortable soft grip.
- FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Spoonula up to 446°F/230°C that will not discolor, wrap or melt.
- Non-stick Spoonula : Won't scratch wok and pans.
- Dishwasher safe utensil for quick and easy clean up.
- This Silicone Spoonula combined the best of scoop and turner for stir frying, serving and more ...

SKU: CS100907 (Dark Olive Green)

CS100908 (Dark Ivory)

Heat Resistant: 446°F/ 230°C

- Ergonomically designed utensil stand with 6 hooks holder & tray.
- Silicone trays to hold your utensils ; FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Tray for holding your cooking utensil up to 446°F/230°C that will not discolor, warp or melt.
- Ideal for set holder to keep your kitchen neat and orderly.
- Dishwasher safe utensil for quick and easy clean up.

SKU: CS1011

Heat Resistant: room temperature

Weight: 275g

Dimensions: $\Phi 180\text{mm} \times 412\text{mm}$

- Material : Glass-Filled Nylon & Food-Grade Silicone.
- Durable that is long lasting guaranteed.
- Practical, non-slip eat insulation to hold utensils during cooking.

Utensil Tray

- Ergonomically designed utensil stand with 6 hooks holder & tray.
- Silicone trays to hold your utensils ; FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Heat resistant Silicone Tray for holding your cooking utensil up to 482°F/250°C that will not discolor, warp or melt.
- Dishwasher safe utensil for quick and easy clean up.

SKU: CS1012

Heat Resistant: 482°F/ 250°C

Weight: 70g

Dimensions: Φ145mm*20mm

- Material : Food-Grade Silicone.
- Durable and long lasting.
- Practical, non-slip eat insulation to hold utensils during cooking.

Holder Stand & Silicone Cover

- Food grade plastics mechanical construction for guaranteed durability.
- 6 hooks are best for holding cookware, not only utensils but also cutting boards.
- Silicone Cover, it's a convenience gadget for water or soup filtering.
- Hold utensils and make them easily accessible when you need them, and keep them tidy and organized after use.
- A great space saver for kitchen or cooking areas.
- The stand is lightweight and designed to let the utensils hang neatly together. It's not a super heavy duty piece.

SKU: CS1017 (Brown/Black/ Olive Green)

Heat Resistant: room temperature

Weight: 340g (Stand: 310mm, cover:30g)

Dimensions: Φ180mm*425mm

- Material : ABS & Food grade silicone.
- Durable that is long lasting guaranteed.
- Practical, non-slip eat insulation to hold utensils during cooking.

Silicone Cover

- Food grade silicone and BPA free.
- FDA & LFGB Compliance, BPA Free, Antimicrobial.
- Silicone Cover, it's a convenience gadget for water or soup filtering.
- Durable and flexible, easy washable and reusable for thousand of times.

SKU: CS1017 (Olive Green)

Heat Resistant: 482°F/ 250°C

Weight: 30g

Dimensions: 170mm*85mm*9mm

- Material : Food-Grade Silicone.
- Dishwasher safe utensil for quick and easy clean up
- Will not discolor, wrap or melt.
- Do not use direct fire on the product.
- Do not use sharp object to the product.

Food Steamer

- It is made of 100% food grade silicone; BPA free; no fillers.
- Compatible for your pots. Works great for steaming fruits, vegetables, dumpling, buns.etc.
- Easy to clean, no bacteria.
- Large capacity with flat bottom is good utensil to your family in the kitchen.

SKU: CS1014

Heat Resistant: 482°F/ 250°C

Weight: 170g

Dimensions: 205mm*205mm*95mm

- Do not use direct fire on the product.
- Do not use sharp object to the product.
- Keep dry after washing.

Steamer Mat

- Food grade silicone and BPA free.
- Odorless and non-moldy, FDA & LFGB Compliance.
- Eco-Friendly: durable and flexible, easy washable and reusable for thousand of times.
- This steamer mat is heat resistant up to 482°F(250°C) degrees and is dishwasher safe.
- Could be used in microwave, oven, steamer, and dishwasher.
- Packing of 2 sizes for your choice.

SKU: CS1015/CS1016
