

Customer Comments:

- *"The stand helped drain product without having the product tip over."*
- *"It is needed! There are always products you buy that are wasted because you can't get all of the product out of the container."*
- *"I used different size bottles and every size worked."*
- *"This is a great idea."*
- *"Able to get all of the contents out of bottle. Easy to use and store when finished."*
- *"There were such a variety of ways I found to use it from salad dressing bottles in the refrigerator to drying large empty bottles for recycling."*
- *"Was able to get the last amount of product and this will save money."*
- *"It's useful, wish I would have thought of it."*
- *"The product is easy to use, convenient and works well."*
- *"I love that I don't have to wait for the liquid to come to the nozzle of the bottle, it's instantaneous."*
