ZERO WASTE

Our Mission & Values

The To-Go Ware® Mission

Founded in 2004, To-Go Ware is committed to inspiring healthy lifestyles through food, community, and planet by providing products that are:

Innovative • Safe • Environmentally Responsible • Affordable • Convenient

To-Go Ware brings common sense to the convenience of our “to-go” culture. By providing people with sustainable solutions and alternatives to single-use waste, we hope to make the “throw-away” mentality a thing of the past. We ask you to participate in the process of positive change. Choose to reuse.

Our Core Values

- Inspire people to live healthier lives.
- Always seek ways to reduce our environmental footprint.
- Use our business to pay-it-forward.
- Offer lasting and distinctive products that people enjoy.
- Be transparent in our sourcing and accountable to best practices.

Certified B Corporation

B Corp certification is to sustainable business what Fair Trade certification is to coffee or USDA Organic certification is to milk.

“We became a B Corp because we wanted to share our long-held business ethics and sustainability practices with the larger world. We are excited to add our voice to the growing community of companies with a mission, and to show the world there is a better way to do business. We hope others are inspired to join us.”

-Andy Keller, To-Go Ware® CEO and President
