LIFE IS NOW A LITTLE COOLER!

Celebrating a new decade with more smart solutions

It's hard to believe it's been TEN years since I pinned together the first PackIt prototype on my dining room table. The success of our business has truly surpassed my wildest dreams; our collection of smart solutions is now carried in more than 20 countries and beloved by millions of families worldwide. Sure, my life is a little more hectic now (in the best way!), but that's true for all of us. It seems like we're always on the run, totally dependent on our mobile devices that help us stay in touch and do it all.

But just because we're more connected than ever, that doesn't mean we're making more connections with each other. When's the last time you took lunch away from your desk to chat with a co-worker? Or slowed down for a leisurely glass of wine with friends? It's these human moments that inspired me to create PackIt in the first place, and it's what we think long and hard about when we carefully design our groundbreaking coolers.

With our 2020 collections, our mission was to create technology-driven products for life on-the-go that actually grow with you. We offer something special for everyone, from pregnant moms-to-be who need the best nutrition to those who want to take their favorite adult beverages to places far and wide. We invite you to bring PackIt on your journey—and to create more of those one-on-one moments that make life so enjoyable.

As always, I welcome your feedback. Please keep in touch with us at sales@packit.com and let us know how we can help your business thrive together.

MELISSA KIELING
PackIt Co-Founder and CEO

THE BAG THAT'S AN ICE PACK™

Finally, a cooler that actually cools! PackIt is a foldable, freezable bag that keeps food and drinks cool anywhere. It works just like a refrigerator on-the-go, chilling your food and drinks for hours. Freezable gel is built into the walls of the bag so there's no need for extra ice packs to keep items cool.

Our cooling isn't just powerful—it's also patented! PackIt's groundbreaking technology is protected by US Patent 8-209-995-82.

The secret is the cooler's freezable gel walls

Every PackIt Freezable Cooler includes 2-4 built-in gel packs for 360° cooling

1. Fold or Flatten
2. Freeze Overnight
3. Pack and Go!

It's Just THAT Easy!

P the Super HERo

LET'S FIGHT CHILDREN'S CANCER!

PackIt will donate 5% of sales from this Freezable Classic Lunch Box to support Children's Cancer Research.

Visit packit.com/pthesuperhero for details

It was four years ago that we welcomed Peyton Trilling, an extraordinary 8-year old, into the PackIt family as an adorable model for our product catalog. She won the hearts of every single one of us and soon became a newly-adopted member of the team.

At the age of 9 years old, Peyton – who has always had a passion for the Vegan lifestyle – was a budding entrepreneur on a mission to educate the world on the health benefits of the Vegan diet she had whole heartedly embraced.

In 2018, this spirited, young female entrepreneur was named as a PackIt ambassador to help launch our new collection of customizable bento containers. Her passion and dedication to making a real impact aligns directly with our core PackIt principles. The relationship was a victory; one that led to a very successful product launch of which we were all so proud.

Then in 2019 at age 11, Peyton was diagnosed with a very rare form of childhood cancer, Ewing Sarcoma. This disease affects about 250 children a year, globally.

Today we stand with Peyton to support children who suffer from this, and all other forms of cancer – with the launch of our **P the Super HERO**, Classic Lunch Box. With each purchase of this very special lunch bag, we will support children's cancer research by donating 5% of all sales to help find a cure.

This limited-edition pattern represents the notion that every super HERO is **strong, brave** and can overcome all fears, obstacles and anything else that life throws their way! The print was designed to **encourage** and give **power** to girls (and boys) to fight for themselves and for what's right. My heartfelt wish is that anyone who purchases this bag feels the positive energy that the print conveys.

We hope we can provide a little extra strength to take on this terrible disease, and the world. Anyone can be a super hero!

Please join us in making a difference!

Melissa Kieling

FREEZABLE LUNCH BAG ❄️

You asked for it, we delivered! Our original, bestselling lunch bag is roomier in all the right places. Its expanded width and depth easily fits two of our new Mod Lunch and Snack containers with plenty of headroom for snacks. A repositioned handle evenly distributes the weight so the front flap always stays in place.

FEATURES

- Gel-lined walls chill a meal and a 12oz (340ml) drink for hours (depending on external temperatures)
- Wider base fits a Mod Lunch Bento™ and Mod Snack Bento™ container
- Folds flat and freezes overnight
- Buckle handle clips onto totes and strollers
- Zip closure locks in cool, dry air
- Made from nontoxic poly canvas; food-safe lining
- PVC-, BPA-, phthalate- and lead-free
- Interior wipes clean; spot clean exterior

DIMENSIONS

Standing: 9.75"H x 8.5"W x 6.25"D
Folded: 5.25"H x 8.5"W x 3"D
