Factory Address: No.12 Fengguang Avenue , Binhai
Hi-tech Industry Park, 300450, Tianjin, China

Industry Quality Standards

- BSCI, SMETA, ISO 9001, ISO 14001
- Consistent Quality Assurance
- High-Quality Finishing
- Stringent Quality Control Processes
- Maximum Durability

Market-Specific Products

- Wide Spectrum Of Colours
- Extensive Range
- High Profit Margins
- Large Potential Reach

Sophisticated Product Design

- Best machines to achieve Avant Garde Design Specifications
- Trendy Customizable Colors
- Up-To-Date Product Range
- Practical & Elegant Designs

Exclusive Customization Service

- Product Customization
- Market Specific Color Adjustment
- Shipment and Sales Packing
- Point-of-Sales Display Creation

Company Profile

Citylong is committed to technological innovation and brand development strategy.

Nestled within the beautiful Tianjin Binhai Economic Development Zone, Citylong Technology Development Co., Ltd has emerged from a breakthrough between Zhejiang Huaxing Plastic Co., Ltd and Beijing Citylong Plastic Co., Ltd as a high-tech company with superior standards in design, product development, production and sales of plastic household products.

By importing an automated closed cooling system from Italian company PIOVAN, the stability of product quality has been significantly improved. Through the PIOVAN feed system, the entire production department is automated and provides real-time monitoring and process tracing through raw data. This integrated feed system is a pioneering project by Citylong in China.

The brand new fully automated warehouse covers a total area of 10,000 square meters and consists of 25,200 storage lots, making it the first smart warehouse in the Chinese home plastics industry to sort products via a QR code, resulting in far more efficient warehousing.

With the highly automated factory in Tianjin, Citylong can scale operations while spearheading the industry in intelligent production and setting an exemplary precedence for others!
