The Glass

This exclusive line of KROSNO Glass is available only through Household Essentials.

These collections are carefully curated just for you, with new pieces being added each season. See our website for the most up-to-date information on KROSNO glassware.

Why KROSNO glass?

Because KROSNO glass is exceptional, made by exceptional craftsmen in a region of the world that knows glass well. Krosno is a town and county in Subcarpathian Voivodeship, Poland. Once a medieval fortified town, Krosno retains the strength of its glass-making heritage in its timeless craftsmanship. There, apprentice glass blowers are trained and cultivated, resulting in artisans of unparalleled ability.

Handmade, 25 oz.

Handmade

Household Essential's KROSNO collections are carefully created just for you, with new pieces being added each season. See our website for the most up-to-date information on KROSNO glassware.

Each KROSNO piece is carefully reviewed for quality and clarity, ensuring KROSNO's high standards. Still, glass is fragile and requires careful handling to ensure years of enjoyment.

Household Essentials's collection of KROSNO glass is dishwasher safe, but we highly recommend hand washing stemware and handmade glass. If you choose to wash glass in a dishwasher, make sure that the glass is not touching metal or any other glass.
