

COLD

Keep your food **fresh** for a very long time!

No need for ice!

*Just place me
in your freezer*

Why Sanodegusto?

The Sanodegusto powered by Tempcontrol® serveware collection means a real kitchen revolution. By putting Sanodegusto serveware in the freezer it will capture the cold and slowly release it afterwards, while maintaining the exact, constant temperature.

Keeping food **cold longer**
than any other tableware

More time to plate, serve
and **eat** = no more stress

Preserving all **flavours**
and **vitamins**

Stylish and
distinctive design

Powered by
Tempcontrol®

How to use our cold technology

1

Place your serveware in your **freezer**

2

Leave for minimum **70 minutes**

3

Your food stays **cold** for more than 30 minutes!

**Keep tableware cool
at 4°C / 39°F**

4°C / 39°F is the ideal temperature to keep your fruit, cheese, carpaccio, tapas, sushi or even your desserts fresh.

COLD

Big round **cold** serving plate
