

NEW WAVE ENVIRO™
2020 CATALOG

ABOUT

NEW WAVE ENVIRO™

A family owned company based in sunny Colorado. Since 1993 we have happily offered our variety of sustainable and eco-friendly products. Our Enviro Products are designed to inspire and support healthy, active living.

As parents, students, artists, athletes, world travelers, and 9-5ers, we base our designs on our own experiences. We believe that the key to making the healthy choice, the easy choice is choice. We've found there is no one size fits all solution for the everyday challenges associated with water filtration, hydration, and food storage. We look forward to working with you.

10 STAGE^{PLUS}

TEN STAGE PLUS ENVIRO FILTER

Case Size: ANY

TEN STAGE PLUS | REPLACEMENT CARTRIDGE

Case Size: ANY

Get great tasting, on demand, filtered water for just pennies per glass! Enviro Products' 10 Stage Plus Water Filter delivers chlorine free, odorless water at your kitchen sink. The space saving, attractive countertop filter hooks up easily to any standard faucet and allows you to easily change between tap water and filtered water as needed.

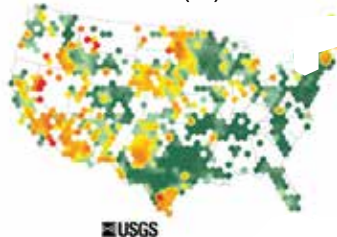

No plumbing required.

FILTERS: Chlorine,
Inorganic Arsenic
Organic Arsenic and
Mercury, Lead, PCB's,
Floating solids, Asbestos,
Pesticides and Herbicides.

HUNDREDS OF GALLONS

OF FRESH FILTERED WATER FOR 1 YEAR

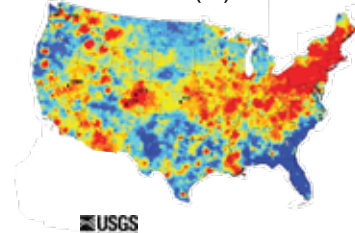

Arsenic (As)

USGS

*EPA requirements, less than .01 milligrams/Liter. Brown yellow and red colorings are 5 to 50 ug/Liter. Green shadings 1 to 3 ug/Liter and white insufficient data.

Lead (Pb)

USGS

*EPA requirements, less than 0.01 Milligrams/Liter. Red shadings show highest found concentrations of lead in water and Blue shadings show lowest concentrations of lead in water.

ALKALINE

PITCHER FILTER SYSTEM & REPLACEMENT CARTRIDGE

The newest member of our pitcher filter family raises the pH of your drinking water to 8.5-9.5 by adding the perfect balance of naturally ionized magnesium, potassium, calcium, sodium and filtering out chlorine.

ALKALINE^{PLUS}

LEAD REMOVAL

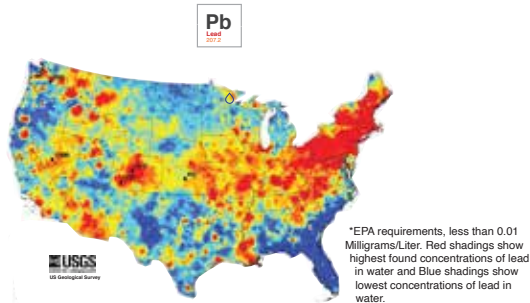

Enjoy an inexpensive, portable option for filtered water!

The Alkaline Plus Lead Removal Filter Pitcher removes chlorine, raises pH to 8.5-9.7 and now with lead removal!

Lead occurs in water supplies where lead pipes, fixtures, and solder have been used in home plumbing fixtures and city water delivery systems as well as where lead mining exists. No level of lead exposure is safe for children. Homes and water delivery systems built before 1986 affect the quantity of lead in water.

BENEFITS

- Removes Lead
- Raises pH 8.5-9.7
- Filters Chlorine

Lead occurs in water supplies where lead pipes, fixtures and solder have been used in home plumbing fixtures and city water delivery systems as well as where lead mining exists. No level of lead exposure is safe for children. Homes and water delivery systems built before 1986 affect the quantity of lead in water.

New Wave Enviro's 25 OZ Stainless Steel Shaker – We considered this for quite a bit and it seems there is a nice demand for a non-plastic shaker bottle and at this price it can retail for very close to the plastic shakers already on the market. As we closely monitored past /current / future market trends New Wave launched and introduced the “Stainless Steel Protein Shaker” after seeing triple digit growth in protein powders. It just made sense to create a shaker fit for anybody who doesn't want to lose any whisks, and dislikes lingering odors. The price is right what have you “got to lose”?

BUILT-IN BLENDER IN CAP

Built-in blades on the cap blend any powder without having to extract or lose a messy, detached, metallic whisk.

No wire whisk to lose!

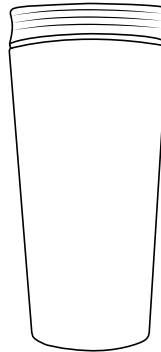

1. ADD POWDER AND LIQUID

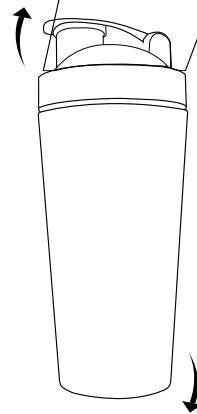

The “Blend It” stainless steel shaker has a wide mouth allows easy cleaning and provides an easy way to add in over sized scoops without a mess.

BLENDS ANY POWDER ANY TIME
NO CLUMPING GUARANTEED
DISHWASHER SAFE

2. SEAL LID AND “BLEND IT”

Benefits

- Seriously Stainless Steel
- Built-in Blender in Cap
- Blends Any Powder Guaranteed
