SCENTATIONS
HOME FRAGRANCE

— Est. 1985 —

Scentations has been my home since 1995, I started on the first Monday after I received my degree in Marketing. For 23 years I have watched this company grow, downsize and weather the storms of the economy and the internet. In October of 2018, I became the brand new owner of Scentations and Eleven Point Fragrance Merchants.

I have been so blessed in this first year of my new business. The growth in just twelve months has been humbling and astounding. I am so grateful to everyone who has embraced my journey and joined me on this incredible adventure. Every day I learn something new about being a business owner and a manufacturer. I take to heart more than ever the words "shop local". It is so important to the economy of a small community like ours in Pocahontas and to the many other towns and cities where we ship our beautiful home fragrance products for communities to sell and enjoy. I can't thank my people enough, I have such a fantastic team working with me everyday on Eleven Point & Scentations in a challenging, crowded and competitive fragrance market. I am thrilled to continue moving Eleven Point and Scentations forward with more energy and enthusiasm than ever!

I will continue to employ the wonderful people of our community and help foster a business that is encouraging and embracing while creating beautiful products that bring joy and warmth to homes around the country and internationally.

If you have any questions or would like to book a call or a visit, please do not hesitate to get in touch, my door is always open!

With heartfelt gratitude,

Ct

Cathy Tedder
