# Surface Glide Technology™ Graters

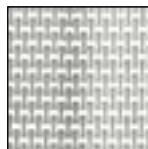

Exclusive to Cuisipro, Surface Glide Technology™ grooved grating surface takes etched graters to the next level. Surface Glide Technology™ graters create the perfect balance between ease of grating and maximum efficiency for the ultimate grating experience that etched graters alone cannot compete with. The science behind this technology is based on the repeated grooved pattern that is spread evenly across the face of the grating surface. First, the groove reduces resistance, making grating effortless. Second, the groove elongates the length of each individual blade, so it has a larger cutting surface that comes in contact with food, therefore, grating more with less effort. European Pat No. 2 338 395, USA Pat No. 8 448 887.

## Superfine

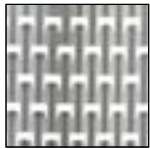

Ideal for cinnamon, nutmeg and chocolate for decorating your dessert and garnishing cappuccinos.

## Fine

Perfect to create a fine, silky texture with dry or moist ingredients, such as citrus, hard cheese or ginger.

## Coarse

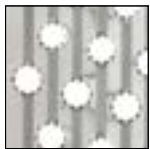

Ideal for most cheeses and vegetables including carrots or ginger. The texture is more varied among ingredients than with a fine grate.

## Ultra-Coarse

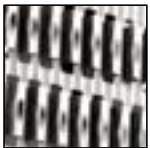

Ideal when you want to highlight the taste of an individual ingredient such as cheddar cheese in a wrap or carrots on a salad.

## Starburst

The ideal blade creates a fine mist of powdery Parmesan cheese to cover your favourite foods, from appetizers and soups to pastas and salads.

## Julienne Slicer

Easily create long, thin, restaurant-style strips for garnishing your dishes.

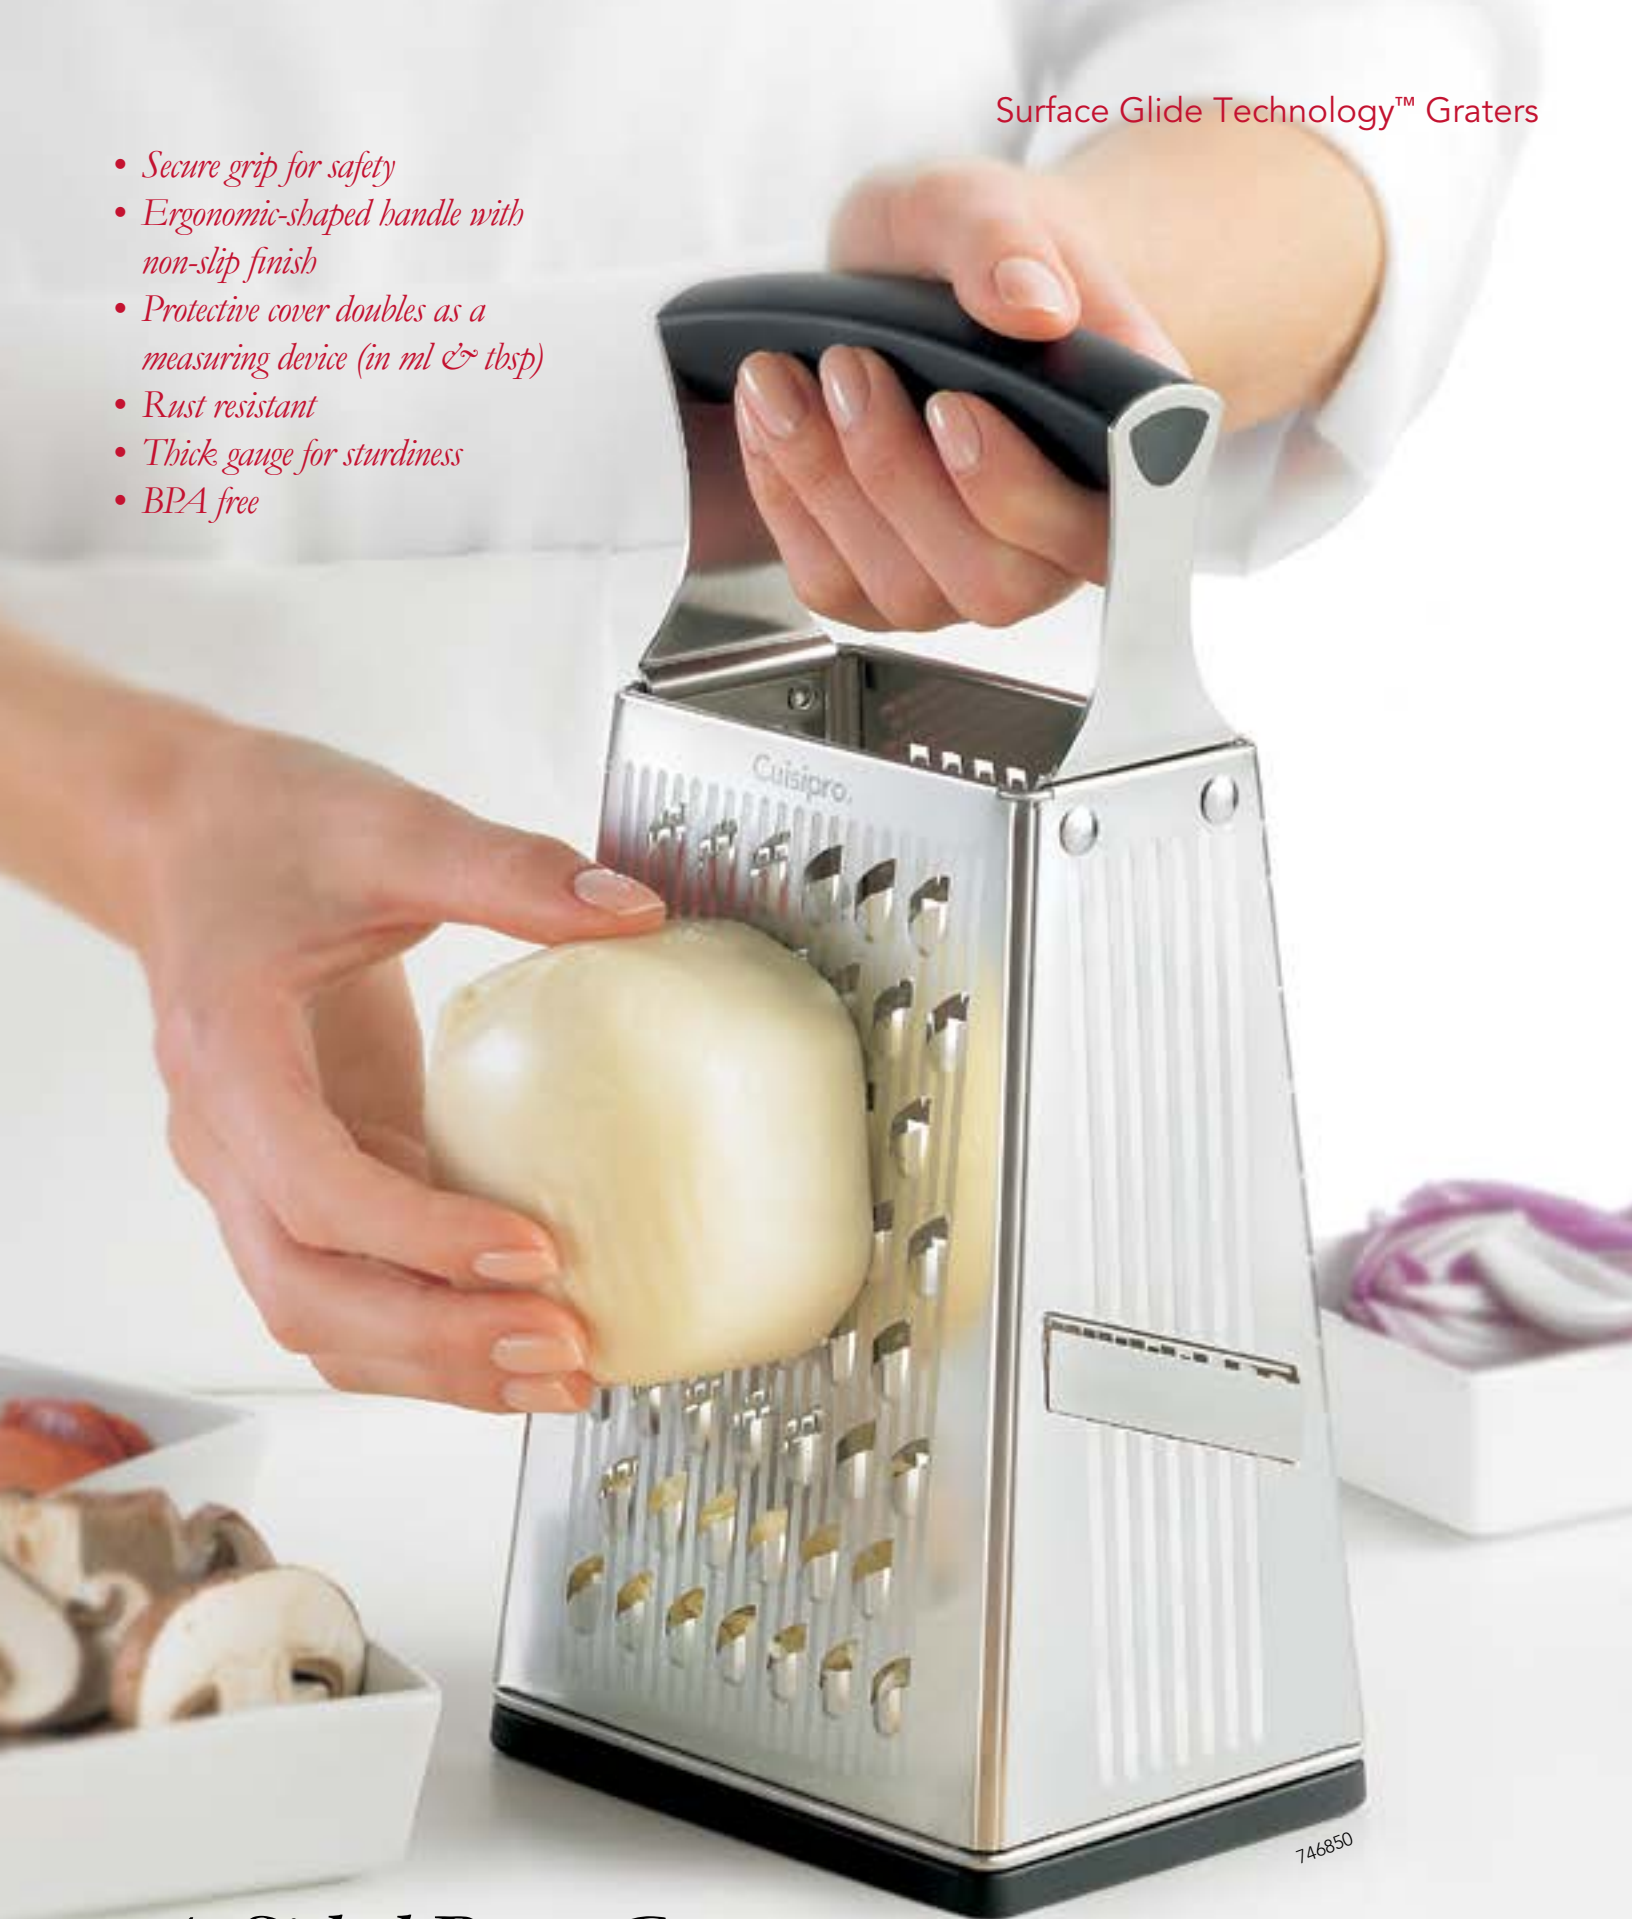

## Shavers

The shavings take on their own characteristics with individual texture of ingredients making an immediate impression.

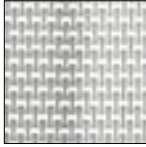

- *Secure grip for safety*
- *Ergonomic-shaped handle with non-slip finish*

# Kitchen Grips®

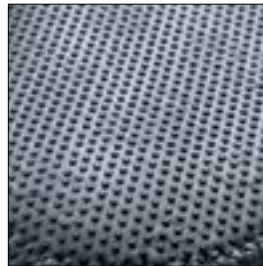

*Protect your hands from hot & cold temperatures  
500°F / 260°C to -134°F / 92°C*

Since 1985, Kitchen Grips Inc. has been manufacturing award-winning textiles. For over thirty years, their cutting-edge products and designs have been changing the way the world cooks, using innovative technology. Kitchen Grips Inc. offers a unique line of kitchen gloves and hand safety products made of FLXaPrene™. This material is not only heat and stain-resistant, but is flexible and comfortable to use. Forward thinking has led Kitchen Grips® to continuously develop and improve their products and selection. From creating different sizes to designing extendable mitts, Kitchen Grips® will continue to produce the highest-quality products and advance in new directions.

## Flexible

FLXaPrene™ material is soft and pliable, making it very comfortable to use.

## Increased Insulation

Raised nub surface texture creates more insulation between the hand and the heat source.

## Stain-Resistant

Stains wash off unique FLXaPrene™ material with ease.

## Non-Slip Grip

Raised nub surface pattern is engineered to provide a better, safer, non-slip grip.

## Dishwasher Safe

Easy to clean. Simply place on the top shelf of the dishwasher.

## Water-Repellent

Protects hands from steam and liquid burns, even when wet.

## Dexterity

Easily pick up small items.

## Hygienic FLXaPrene™ Material

FLXaPrene™ material prevents stains that cause bacteria buildup on the glove.

*Kevlar® stitching has a high heat-resistance*

*Nubbed texture enhances non-slip qualities*

## *Chef's Mitt*

*Extendable Cuff*

## *Chef's Mitt*

Poorly fitted mitts are awkward, clumsy and unsafe. Kitchen Grips® mitts fit snugly and comfortably; offer dexterity and control; and superior heat protection. Kitchen Grips® come in a wide array of eye-catching colours. You wouldn't settle for a shoe that doesn't fit so why settle for an ill-fitting mitt? Try one on and feel the difference.

# CLEANING

A close-up photograph showing a hand holding a red, ergonomic brush with a black bristle head. The brush is being used to clean the interior of a clear glass pitcher. The pitcher is partially filled with water, and bubbles are visible as the brush moves through it. The background is a plain, light color.

Cuisipro has always been there to help prepare food to perfection, and we're also part of kitchen organization and cleanup. With our line of elegant and ergonomic cleaning tools, there are more options for the home-cooking enthusiast.

# Magnetic Spot Scrubber

- Works on thick glass
- Both sides have rubber scrubbers
- Wrap with paper towel to use for dry as well!
- Perfect for cleaning hard to reach places – decanters, fish tanks, vases and narrow bottles
- Easy and fun!

## Our Mission

To design and create quality products that bring joy, pleasure and inspiration when preparing, cooking & serving culinary delights.

## Our Values

Having a passion & love for food, for cooking and for sharing. Design that attracts your eye. Function that rewards your hand. Quality that endures.

## Our Vision

To be the brand that connects people around the art of cooking, entertaining & experiencing the pleasure of cooking and eating with family & friends!

# Innovation at Cuisipro®

We innovate by using a disciplined process that investigates user needs and experiences. We combine that with our manufacturing and design expertise and examine material properties and capabilities. And, although our products are conceived by designers, they are shaped with input from professional chefs, cooking enthusiasts and the international palates of our global Cuisipro team.

## Design

We think about function and style. We design with precision and prototype, test and refine our concepts to bring the best ideas to life. We consider form, materials, maintenance, cleaning and how they all come together to make something truly beautiful.

## Testing

We believe in our products. Combining high-quality materials with functional design, we create durable and beautiful products. With high-quality workmanship and subjected to our rigorous testing standards, no product or detail is overlooked.

## Awards

For more than 20 years, Cuisipro has been the proud recipient of numerous design awards—from the internationally prestigious Reddot Design Award to the International Housewares Design Awards and the DesignPlus Award.
