# Key Ergonomic Features

## Dynamic Variable Lumbar (DVL) Support

The Dynamic Variable Lumbar (DVL) Support is X-Chair's greatest ergonomic feat of all – one that needs no adjusting. The DVL Support intuitively adjusts itself to your body every time you move. Responding to your weight, height, position, and the amount of pressure you place on it, the DVL Support pivots with you, keeping you comfortable and supported even as you change positions throughout the day. Be free to keep your mind on your work, not your back.

## Tilt Tension & Tilt Lock

We made a masterful office chair, you get to adjust it to suit your preferences. Adjust the tilt tension to change the amount of resistance you feel as you recline. Whether you like a little or a lot of resistance, X-Chair's got you covered. Lock the chair in a reclined position for those times you need to put your feet up.

## Extensive Variable Recline

Extensive Variable Recline or EVR is specific to the X1 task chair. X1 users will find that EVR provides a level of customizable comfort previously unimaginable.

## SciFloat Infinite Recline

Created specifically for X-Chair, SciFloat Infinite Recline facilitates motion throughout your day. Movement increases circulation, concentration, and energy levels—everything you need to boost both comfort and productivity in your workspace. Wheels are no longer the only thing a good office chair needs to keep you moving.

## Adjustable Seat Height

We don't know how tall you are. But you know, so we'll leave the height of your seat up to you. Easily adjust the seat height so your feet rest flat on the ground and your knees are at a 90° angle.

## Height-Adjustable Backrest

X-Chair's independently adjustable backrest lets you raise the dynamic variable lumbar support to fit the curve of your back. Bring the dynamic variable lumbar support to a comfortable position and relax while it supports the natural shape of your spine.

## Adjustable Seat Depth

At a proper seat depth, your lower back should be against the dynamic variable lumbar support and you should be able to fit 2 to 3 fingers between the edge of your seat and the backs of your knees. An improper seat depth puts undue pressure on the veins and lymph nodes behind your knee, and often leads to poor circulation, leg cramps, or your legs falling asleep. This is all avoidable with the X-Chair's adjustable seat depth.

## Adjustable Headrest Angle

Your head and neck do not stay in the same place all day, so neither should your headrest. Easily adjust the angle of X-Chair's headrest to find comfort no matter what position you want to sit in.

## 4-Dimensional Arms

4-Dimensional armrests adjust forward and back, side-to-side, up and down, and pivot to an angle. No one keeps their arms in the same position all day, and X-Chair is ready to move with you. **Now available, new armrests with or without height locking adjustment.**

## 6 Unique Textiles + NEW Brisa Soft-Touch

X1 comes with Flex Mesh Technology, a breathable and durable mesh that is up to the task of supporting you all day. X2 has K-Sport advanced performance material, which features a tighter weave for a softer feel. X3 has the Advanced Tensile Recovery Fabric, (ATR) that adds a springy soft feel. The X4 is covered in supple, ultra-comfortable top grain, premium leather, or Brisa soft-touch that looks as luxurious as it feels. Each fabric is available in your choice of color.

## Outfitting an entire office?

X-Chair's ergonomic design facilitates movement and improved circulation, which increases focus and productivity.

Imagine what an entire office can accomplish in the X-Chair.

### **This isn't your grandfather's office chair**

It's a motivator – a tool to make you more productive. It's an investment in your health – a support to keep you comfortable while you work long hours. It's a work of art – a new aesthetic for your workspace. It's a symbol that you're serious about where you're at and where you're going, but determined to have fun along the way. This is the X-Chair.

**X-CHAIR**

## Customer Focused

X-Chair's marketing strategy is innovative. X-Chair is going straight to the consumer and the consumer is telling us what they like. Without seeing the chair in person before they buy it, 97% of consumers who purchase the chair on-line are extremely satisfied with their X-Chair. This is the best gauge possible of how good a job X-Chair is doing at meeting the end user's needs.

## Comfort Beyond the Sit

X-Chair's SciFloat Infinite Recline allows your torso and upper body to stay in movement throughout the day, and the Under Desk Footrest does the same for your lower body. The footrest is placed on, not screwed onto, its polished aluminum frame so that the surface of the footrest can move with you throughout the day. This helps keep your legs in motion even when you sit for long periods, and makes it easy to find a comfortable position.

## Dynamic Variable Lumbar (DVL)

X-Chair's remarkable Dynamic Variable Lumbar Support provides better support and a more comfortable fit and sit than anything else on the market. The DVL Support needs absolutely no adjusting because it intuitively adjusts itself to your body every time you move. Responding to your weight, height, position, and the amount of pressure you place on it, the DVL Support pivots with you, keeping you comfortable and supported even as you change positions throughout the day. Be free to keep your mind on your work, not your back.

### Welcome to the 21st Century

There is a new standard in office seating. With 10 ergonomic adjustments, the X-Chair® is able to fit your body like a glove. Fine-tune the arms, seat, back, headrest, and lumbar until you're relaxing in the most comfortable seat of your life. SciFloat Infinite Recline, DVL Support, Tilt Lock, and Flex Mesh technologies combine to vault the X-Chair® to the head of the pack, making it the most technologically ergonomic chair in the world. Choose from vibrant color and material options to create a truly individualized workspace.

“

Believe the hype! This thing has made so much of an improvement in how I work and how I feel. Combined with the footrest, I can recline at my desk to take the pressure off my lower back when things get stressful. And I have seen so much of an improvement in my chiropractic visits just since I got the chair for work. I will likely be getting another one for home too!

David, ★★★★★

”

**X-TASK** X1's classic black base pairs with the black and gray mesh color options to create an aesthetic that works in any office environment. The bold curves of the X-Chair deliver modern technology and comfort that can't be found in any other office chair.

“

Love this chair!! I work for a GIANT technology company and home office. Some days are 12hr days with back to back to back conference calls. This chair is comfortable, very adjustable, and even lends itself to a quick 20m power nap with my feet up on the desk. Very impressed!

Shawn, ★★★★★

”

**X<sup>2</sup>-MGMT** A striking polished aluminum base and four soft-to-the-touch K-Sport advanced performance material color options, from vibrant red to classic black, let you individualize your X2 like never before. The X2's bold curves, advanced technology, and unprecedented comfort transform any workspace into an oasis.

**Now Available with  
Memory Foam Seat  
Option**

“

The chair is fantastic, has really increased my productivity and looks great. Nate in customer service took a picture of my home office & recommended the style / finish to match my interior along with my work schedule. All around very impressed and 100% worth it if you're a working professional looking to work harder and yet be more relaxed.

Sam, ★★★★★

”

**X<sup>3</sup>-MGMT** X3 incorporates most of the same design and features as X2 but replaces the X2's K-Sport material with the latest advancement in fabric technology, Advanced Tensile Recovery Fabric (ATR), a high resiliency molded foam seat (memory foam optional) and a full polished aluminum frame. In addition, ATR is water, spill and stain resistant, meaning your chair will continue to look good as new for years to come. When you feel the ATR difference you will wonder how you ever were satisfied with traditional fabric.

**Headrest Optional**

### Advanced Tensile Recovery Fabric

Drawing its inspiration from modern material designs and ancient buttressing principles, ATR is a woven multilayered nylon that is both responsive and supportive. Comparing to traditional fabrics, it has more give and spring and as a result it provides an enhancing layer to the X3's already remarkable underlying molded seating support surface.

**Now Available with  
Memory Foam Seat  
Option**

“

This is the most comfortable office chair I have ever sat in. I have a bad back so to have a chair that adjusts to fit my back is a great benefit. I love the head rest, it molds around my neck providing me such comfort and last of all I absolutely love the foot rest. I would have never thought that a foot rest could provide such comfort. This chair is a must for anyone who spends any length of time working behind a desk.

Randy, ★★★★★

”

**X<sup>4</sup>-EXEC** X4 is draped in your choice of supple, premium leather or luxurious & incredibly soft Brisa. The seat, back, and optional headrest deliver a delicious comfort from the moment you sit. X4 still utilizes a tight Mesh weave in the seat back behind the leather to deliver the support and breath-ability you need with the comfort and style you deserve. X4 makes a loud statement without saying one word.

**Headrest Optional**

### Dynamic Variable Lumbar Support

The Dynamic Variable Lumbar (DVL) Support intuitively adjusts itself to your body every time you move. Responding to your weight, height, position, and the amount of pressure you place on it, the DVL Support pivots with you, keeping you comfortable and supported even as you change positions throughout the day. Be free to keep your mind on your work, not your back.

- Packed with Features**
- Dynamic Variable Lumbar (DVL) Support
- Height- Adjustable Backrest
- High Resiliency Molded Foam Seat
- Under-Seat Tension Adjustment
- Adjustable Seat Height
- Tilt Lock
- Height Adjustable Arms
- Flex Mesh Technology

Learn more about X-Chairs features on page 3.

**X-WING<sup>G</sup>** While incorporating the same design and features as the X2, the XG adds a split back element for greater flexibility and performance. The XG retains the lines of its classic cousin the X2, but we have learned from our customers and created an innovative flexible upper back. In the same way that the Dynamic Variable Lumbar (DVL) already adjusts to meet each individual's need for proper lumbar support, the XG Split Back adjusts to match each individual.

**Headrest Optional**  
Easily added  
or removed

## Fabric Options

K-Sport Advanced Performace Material

Black

Gray

## Split Back Technology

Now your entire upper body is free to flex as it pleases in the XG split wing design. Lean right, left, or back and feel the chair follow you. If you are an active sitter or perform high energy tasks, this is the model for you. The entire back will follow you wherever you want to go.

## Packed with Features

- Dynamic Variable Lumbar (DVL) Support
- Tilt Tension & Tilt Lock
- SciFloat Infinite Recline
- Adjustable Seat Height
- Height-Adjustable Backrest
- Adjustable Seat Depth
- Adjustable Headrest Angle
- 4-Dimensional Arms
- K-Sport Performance Pateral

## Split Back Technology

**New From  
X-Chair**

- **Smaller users:**
  - 5'4" and below
  - 150 lbs or less
- **Great fit for petite people**

**X-VISION** Every superhero needs a sidekick. That is what Xs-Vision is to our traditional flagship X-Chair number models. Smaller in size and stature, Xs-Vision packs a very powerful punch while filling the need for smaller end users without sacrificing any key features. Available with black or grey K-Sport material, the Xs-Vision is the only chair in the X-Chair lineup that features a white frame and base. With features like Dynamic Variable Lumbar™(D-VL), height adjustable arms, adjustable chair height and seat depth, extensive variable recline and tilt lock, the vision of your future productivity has never been more clear.

**Headrest Optional**

Easily added  
or removed

**New From  
X-Chair**

**X-PROJECT** The X-Project from X-Chair offers many of the incredible features and the unique styling you would expect from an industry leader, with a value never before seen in the X-Chair lineup! Utilizing Advanced Tensile Recovery™ (ATR) fabric, a three-dimensional multilayered knit polymer that is both forgiving and supportive, the X-Project combines a sophisticated look and satisfying sit unparalleled by any other chair in its class. Equipped with all the key features to fit the majority of users – including your choice – with or without headrest, X-Project is an excellent solution for outfitting an entire workspace or office on a budget.

**Headrest Optional**

Easily added  
or removed

**X-STACK** Imagine a folding chair that's actually comfortable, a folding chair that provides ergonomic support and the freedom of motion. It was unheard of...until now. The X-Stack has raised the bar for space-saving seating solutions. Its extraordinary Pivot Backrest moves with the user, facilitating improved circulation and concentration by allowing natural movement. And when X-Stack's job is done, the ergonomically contoured seat neatly folds up for compact storage. Multiple X-Stacks fit comfortably together to form a space-saving and organized queue. Convenience, comfort and style have come together at last. The Pivot Backrest is unique to the X-Stack. As you lean back, the backrest moves with you, maintaining its ergonomic contour and granting freedom of motion for extraordinary comfort.

**X-SIDE** You ask and we deliver. The incredible ergonomic comfort of X-Chair's proprietary Dynamic Variable Lumbar support is now available in a side chair. No matter how many people use it each day, the X-Side's backrest adjusts automatically to provide personalized support for everyone. Flex Mesh Technology in the seat and back delivers additional ergonomic comfort and facilitates improved concentration. The X-Side features a striking polished aluminum uni-body frame that has been molded from a single piece of metal for maximum strength and a beautiful composition. Experience the responsive comfort of X-Chair in this stunning and versatile new design.

## New From X-Chair: Active-X Seating

### Fabric Options

**22.5" - 33.25" Height Range**

**X-STOOL** Looking for more support in your less than traditional work-space? Meet X-YoYo, the first model available in the new X-Chair Active-X seating collection. X-YoYo features our exclusive ergo-saddle™ and patented Norwegian designed floating pitch™ mechanism. Together, they provide a comfortable seating position that allows for your natural posture to take hold. You'll lose track of whether you are sitting or standing, and for that, your body and productivity will thank you. Featuring 360° swivel, tilting and auto-return, X-YoYo provides exquisite movement, support and comfort unlike any stool or active seat before it. Simple, flexible, fully loaded, and ready for any work environment.

# The New X-FlexTop

X-FlexTop is a portable, adjustable desking surface

**X-FLEXTOP** The New X-FlexTop combines perfectly with your X-Chair as the best way to create a healthy and productive work environment! The X-FlexTop provides a minimalist design while utilizing your laptop, monitor, mouse or any other materials safely and securely. Featuring height-adjustment paddles to easily raise and lower, the X-FlexTop has a 22lb weight capacity and a sleek stylish look.

23" x 31 3/8" x 1 3/8" 16" height fully lifted

**X-DESK** A 2-stage desk is a stylish adjustable desk with a 25.6" - 42.9" range, the X-Desk is an excellent complement to the X-Chair for any office setting. X-Chair has created a desk with state of the art smooth, quiet motors so that you can seamlessly work in any position, from seated in your X-Chair, to standing. Backed by a 2-year limited year warranty, the X-Desk is available with either a black or white high-quality laminate top to match your office's needs. The X-Desk is an excellent complement to the X-Chair for any office setting.

**X-DESK SELECT** The X-Desk Select 3-stage desk is an elite adjustable desk with a BIFMA range of 21.1" - 47.2" range. X-Chair has spared no expense in creating a desk with the finest and quietest motors and adjustable train system so that you can seamlessly work in any position, from seated in your X-Chair, to standing. Backed by a 2-year limited warranty and available with 6 spectacular desk-top options, the X-Desk Select is the perfect complement to the X-Chair for any modern office setting.

# Textiles & Bases

X-Chair's fabric suspension system disperses your weight evenly across the chair to remove weight from sensitive pressure points. This improves circulation and keeps you comfortable so you can sit as long as you like without feeling that you need to change positions. The X4 is covered in supple, ultra-comfortable premium leather that looks as luxurious as it feels. Each fabric is available in your choice of color.

## Flex Mesh Technology

X1 comes with Flex Mesh Technology, a breathable and durable mesh that is up to the task of supporting you all day.

## K-Sport Advanced Performance Material

X2 has K-Sport advanced performance material, which features a tighter weave for a softer feel.

## Advanced Tensile Recovery Fabric

ATR Fabric on X3 is a woven multilayered nylon that is both forgiving and supportive.

## Top Grain Leather, Premium Leather, and Soft-Touch Brisa.

The X4 is covered in supple, ultra-comfortable premium leather that looks as luxurious as it feels. Each fabric is available in your choice of color.

# Try the New X-Wheel Caster: Add X-Wheel to any X-Chair

## **X-Wheel Caster**

*optional on all models*

X-Wheel Blade Casters represent a breakthrough in seating technology and comfort. Just like a building, a chair is only as good as its foundation; and like a person, core stability is the key to health. The wheels on your chair are the foundation that creates core stability and leads to healthy, smooth, ergonomic movement. Featuring 100% rubberized blade wheels and a free ball-bearing core, X-Wheel Blade Casters are quieter and smoother. They work better on hardwood and pile carpet alike, and they are more gentle on tile, hardwood, vinyl, carpet, and almost any surface. Ball bearing swivels spin easily, preventing scuffing and scratching. And they look great! Simply put, for a small investment you can upgrade your chair's performance and enhance your seating experience.

## **Cylinder Height Options**

*optional on all models*

**Short**

14.5 - 18.5

**Standard**

15.75 - 19.75

**Tall**

16.5 - 20.75

**Stool**

21.5 - 28.5

### **RETAILERS**

X-Chair IS COMMITTED TO SUPPORTING A CAREFULLY SELECTED GROUP OF NATIONWIDE RETAILERS.

### **E-TAILERS**

X-Chair IS AVAILABLE ONLINE THROUGH XCHAIR.COM AND A VERY SMALL GROUP OF AUTHORIZED RETAILERS.

### **OFFICE FURNITURE DEALERS**

X-Chair IS COMMITTED TO MAKING ITS CHAIRS AND ACCESSORIES AVAILABLE TO COMPANIES, LARGE AND SMALL, THROUGH A CURATED NETWORK OF HIGH QUALITY MID-MARKET OFFICE FURNITURE DEALERS LOCATED THROUGHOUT THE USA.

### **TERRITORY REPS**

X-Chair WILL CONSIDER WORKING WITH INDIVIDUAL REPS OR REP GROUPS IN SELECTED REGIONS.

### **INTERNATIONAL DEALERS & MASTER LICENSEES**

X-Chair IS OPEN TO EXPLORING INTERNATIONAL MASTER LICENSEE RELATIONSHIPS AND, IN SELECT SITUATIONS, OPENING INDIVIDUAL INTERNATIONAL DEALERS.

### **X-CHAIR AMBASSADORS**

X-Chair'S UNIQUE AMBASSADOR PROGRAM ENABLES INDIVIDUAL EVANGELISTS FOR THE CHAIR TO EARN AFFILIATE COMMISSIONS BY SELLING THE CHAIR TO OTHER INDIVIDUALS.

## Certifications

All X-Chairs are ANSI/BIFMA X5.1 certified. This standard is intended to provide manufacturers, specifiers, and users with a common basis for evaluating the safety, durability, and structural adequacy of general-purpose office chairs.

General-purpose office chairs are normally used in an office environment and may include, but are not limited to those seating styles typically referred to as: executive/management, task/secretarial, side/guest chairs, nesting folding chairs, tablet arm chairs and stools.

This standard describes the means of evaluating general-purpose office chairs, independent of construction materials, manufacturing processes, mechanical designs or aesthetic designs.

All X-Chairs are also ANSI/BIFMA E3 Furniture Sustainability Level 2 certified. The purpose of this voluntary standard is to provide measurable market-based definitions of progressively more sustainable furniture by establishing performance criteria that address environmental and social aspects throughout the supply chain. It addresses product-based characteristics in the general areas of materials, energy usage, human and ecosystem health, and social responsibility impacts. The standard was designed to allow for multiple levels of achievement and to provide an open alternative to proprietary protocols.

## Warranty

X-Chair warrants this product for a period of 15 years, subject to the following exceptions:

All parts and materials are warranted for 5 years. During this time, X-Chair™ will provide replacement parts for any damage that is due to defect in material or workmanship. For the first 2 years, X-Chair™ will bear the entire cost of replacement parts and shipping. For the next 3 years, X-Chair™ will bear the cost of the replacement parts, but the customer will be liable for the cost of shipping.

All non-moving metal components of the chair are warranted for an additional 10 years (for a total of 15 years).

The customer must provide appropriate pictures of their damaged product if requested.

A defect in material or workmanship does not include damage to a product, or failure of a product to operate or perform properly or to maintain appearance, caused by (1) misuse or abuse of the product; (2) improper assembly or assembly that was not as recommended by the written assembly instructions; (3) normal wear and tear; (4) a natural disaster or an Act of God; (5) transportation; (6) an unau-

thorized modification made without the express written consent of X-Chair™; (7) improper storage; (8) the natural aging of materials such as wood, leather, and fabric which results in colors shifting during use; (9) crocking or reverse crocking of dyes from clothing on our seating materials. Products damaged in these ways will not be considered defective and will therefore not be repaired, replaced, or refunded.

We shall not have tort liability with respect to a product, and we shall not be liable for any consequential, economic, indirect, special, punitive, or incidental damages arising from a product defect.

## Patents

We hold US Patents on both our SciFloat Infinite Recline mechanism and our Dynamic Variable Lumbar Support split-back design.

Both patents will help to protect our wholesalers and allow them to flourish with a unique and powerful product, knowing they have market protection in place.
