2021 SUPPLEMENT
to the 2020 CATALOG

Welcome to our **2021 SUPPLEMENT**

We are now HIGHLAND HOME

Hello 2021! With all the uncertainty of 2020, events canceled and everyone confined to home, it was tempting to just throw out the old and bring in the new for a fresh new start. But, looking back, we realize our 2020 catalog with new items really never got the exposure it deserved, so we decided to keep it for 2021.

Meanwhile, with all that time and nowhere to go, we continued to develop new products and follow the latest trends to create a catalog supplement of designs worthy of a fresh new start for 2021.

Don't have a 2020 catalog?

Contact your local rep or customer service to have a catalog mailed to you to see our full listing of over 300 pages of tabletop and serveware, kitchen and home décor products.

DESTINATIONART™

Customized Gifts and Decor

©Highland Home 2020 • www.conimar.com • 1-877-395-3473

WELCOME TO OUR 2021

DESTINATIONART™

PROGRAM

As a nation of states, we're introducing 65 new state and destination themed designs that showcase and celebrate the uniqueness of our locations: our home, where we're from, where we've lived, and the foods that we consume.

We continue to offer coaster designs that vary from bold state color typography designs, charcoal wash state designs and patriotic state flag designs to trendy black and white zip code and area code designs.

Charcoal wash slat wood signs for each state are ready to personalize with the city and coordinates of your choosing. Rustic taupe and grey slat wood signs feature state silhouettes to be personalized with a local area code to designate "Home".

Every state has iconic food it is especially known for. Our fun and colorful regional food program illustrates the famous food for 24 states on absorbent stone coasters, mugs and glass counter savers. Don't see your state? Let us know and we'll develop as requests come in.

For our customized destination program, we offer simple black and white absorbent stone coaster designs in eight popular destination themes for an elegant look as well as colorful art for both absorbent stone coasters and car coasters. Choose from any of the designs and let us customize with your city and state, regional destination or landmark.

MY NEW
Co-worker
is so...
LAZY

We continue to social distance in 2021. Looking back to 2020, first it was the arrival of the Coronavirus, then the lockdowns - forcing a majority of employees and businesses across the nation to retreat and slow to a crawl.

But there's been some strong sentiment among Americans. We're cautious, yet resilient, and we've united as families to forge ahead & adapt for the time being - knowing that we can get through this together.

We've created designs that will relate, provide a laugh, and encourage those going through these challenging times.

We hope your families and businesses continue to recover and will flourish in 2021. We pray you'll be stronger and healthier for what lies ahead.

Table Mats and Coasters are made with a layered construction. The surface of the mats are coated with protective lacquer which is heat resistant to 100° C or 212° F. The art is laminated to a wood composite layer. A soft cork backing protects the table surface from scratches.

To clean, wipe with a damp cloth and dry thoroughly. Do not immerse in water. Do not place hot dishes from the oven on the placemats.
